

Background Biography of Dr. Brad Gilbert (from 2017):

Dr. Bradley Gilbert was appointed chief executive officer of Inland Empire Health Plan (IEHP) in October 2008. Since the organization's inception, he has played a pivotal role in guiding IEHP to its place as a nationally-recognized leader in public healthcare. As one of the largest public not-for-profit health plans in California, with over 1.2 million members, Dr. Gilbert is leading IEHP into the healthcare reform era.

Dr. Gilbert launched his career at IEHP in 1996 as chief medical officer, developing a Medical Services Department and helping IEHP qualify for a Knox-Keene state licensure. Later, he served as executive officer, responsible for medical management, operations and contracting/network management, marketing, human resources, and compliance.

Dr. Gilbert is also a healthcare industry leader at the state level. In 2010, he was appointed as a board member of the California Association of Health Plans (CAHP), an organization representing 39 California plans. In 2011, he was appointed chair of the CAHP State Programs Committee. Dr. Gilbert is a member of the Board for the Local Health Plans of California (LHPC), and was a member of the Medi-Cal 1115 Waiver Stakeholder Committee – a committee that helped shape the 1115 Demonstration Waiver in California, which funds hospitals and care for the low-income. He is a board member of the California Association of Public Hospitals (Safety Net Institute). Additionally, Dr. Gilbert is the chair of the Inland Empire EHR Resource Center, which is part of the Inland Empire Health Information Exchange. In July 2014, Dr. Gilbert was selected to serve on the California HealthCare Foundation (CHCF) board of directors.

His strong track record in the public health industry began as the Director of Public Health/Health Officer for Riverside County; where he gained insight into the healthcare challenges that Inland Empire residents face. He was responsible for 11 primary care clinics, assigned to special projects in managed care – including participation in development of an IPA and medical liaison to manage care contractors. He supervised communicable disease control, certain environmental health monitoring and public health protection for the county.

Dr. Gilbert attended the University of California, Berkeley, where he earned his bachelor's degree in physiology/anatomy. He received a medical degree from the University of California, San Diego and a master's degree in public policy from the University of California, Berkeley. He is Board Certified in General Preventive Medicine.
